

MOUNT SAINT MARY ACADEMY

Sponsored by the Sisters of Mercy

Mount Saint Mary Academy Interest Survey

Mount Saint Mary Academy consistently evaluates its programs and the needs of the school community. When the City of Manchester began talking about the possibility of changing the schools in the Manchester School District to the model of Kindergarten through grade eight, the Mount Saint Mary Academy Board and Administration began investigating the impact this would have on the Mount and the possible need to change our grade composition. With the further announcement from the Diocese regarding Saint Joseph Junior High's move to the Saint Anthony school building we are prompted to seek parent input regarding future plans. We have discussed many options and have explored some preliminary possible ways to respond to the needs of our parents.

Our initial discussions have included: team teaching; separate entrance, time schedule, lunch period; program electives; virtual learning; the need for expanding the sports program as well as other co-curricula activities.

Parent Survey

Do you support the addition of grades seven and eight at the Mount? Yes No

Would you send your child to the Mount for their seventh and eight grades years? Yes No Undecided

If you answered yes, what grades would you consider for the following years?

- _____ Grade seven for the 2010-2011 school year
- _____ Grade seven and eight for the 2010-1011 school year
- _____ Grade seven and eight for the 2011-2012 school year
- _____ Grade seven and eight for future years

Please use the other side of this paper to tell us your concerns and suggestions.

Due: April 6, 2010
